「宜 • 居」展區通過印象派的影音圖像，展示香港的急劇轉變過程，讓參觀者體驗宜居香港的六個不同範疇，即房屋、社區設施、藍綠空間、管理水資源、保持城市暢通，以及與世界接軌。

Through audio visual images from an impressionist perspective, the 'Liveable Hong Kong' exhibition zone showcases the dynamic transformation of our city and lets visitors experience six different aspects of a liveable Hong Kong, i.e. housing, places for the community, green and blue spaces, managing water resources, keeping the city moving and connecting it to the world.
