Main Show

Hong Kong, once a sparsely populated area, has developed into an international finance and trading centre. Can you fill in the blanks with the milestone in chronological order?

Asia's World City / Victoria City / fishing village /
manufacturing centre / trading hub and entrepot

Today's "Pearl of the Orient" began as little more than a _____ on the South China coast. Since 1842, the area that is now Central and Admiralty formed the administrative, judicial and economic centre of the colony, known as "_____". After 1949, Chinese migrants from the Mainland flooded into Hong Kong bringing with their capital and skills. The result was a boom and helped transform Hong Kong into a _____. Afterwards, Hong Kong became a free port and thrived as a _____ in the region. Hong Kong gives full play to develop its own strengths with the changing times and now becomes an _____.

Milestone of Town Planning

Town Planning in Hong Kong has more than 70 years history. Do you know what key events are included? Try to re-arrange the events in sequence and complete the timeline.

- A. Opening of the Mass Transport Railway (MTR) in phases
- B. Opening of the East Rail Line (Kowloon-Canton Railway)
- C. Enactment of the Town Planning Ordinance
- D. Release of the Final Report of the Hong Kong 2030 Study
- E. Connection of Dongjiang Pipeline to secure water supplies in Hong Kong
- F. Opening of the new airport road network including Lantau Link, Tsing Ma Bridge, Ma Wan Viaduct and Kap Shui Mun Bridge

Land Formation

With the rapid economic development and increasing population, Hong Kong needs to develop sufficient land to meet the demand. The land supply options include land rezoning, redevelopment, land resumption, re-use of ex-quarry sites, rock cavern development as well as reclamation, which particularly has played an important role in the development of Hong Kong.

The coloured areas on the map are reclaimed land in different period of time. Do you live in the reclamation area?

I live in _____, which is / is not in the reclamation area.

I also find an interesting name of a street, which is called _____, located in _____.

Living Environment

There are many factors to balance and opinions to respect when developing our living environment. Improving our living environment could be achieved through good urban design, urban renewal and the development of New Towns / New Development Areas. Since the initiation of New Town Development Programme in 1973, Hong Kong has developed 9 new towns and which can be classified into three generations. Match the districts with the correct generations.

◦ Sha Tin

◦ Tsuen Wan

First generation : early 1970s

◦ Yuen Long

◦ Fanling / Sheung Shui

Second generation : late 1970s

◦ Tin Shui Wai

◦ Tai Po

◦ Tseung Kwan O

Third generation : 1980s-1990s

◦ Tuen Mun

◦ Tung Chung

Hong Kong's built heritage gives us insights into the territory's unique past, which is characterised by a fusion of Eastern and Western cultures and a symbol of our cultural identity. There are 101 declared monuments in Hong Kong as at May 2012. Which one do you like most? Where is it? Please write it down here.

Which city do you like most in the Great World Cities exhibition area?

Write down your favourite city in the table below and compare the parameters with Hong Kong.
