23.01.2013-04.03.2013  展城館 CITY GALLERY

展城館現舉辦「城市印象—展開巨廈」專題展覽。是次展覽展示以 LEGO 樂高積木砌成的 9 座巨廈*，這些巨廈為早前在荷蘭代爾夫特理工大學 Eurohigh 設計工作室的成果。香港設計中心主辦的 2012 設計營商周期間，邀請了 MVRDV 和 The Why Factory 主持工作坊，由建築／環境及室內設計／城市規劃等年輕專業人士，及一群本地設計學院和大學的學生共同參與，並製作出 101 個小比例 LEGO 樂高巨廈，它們將於是次專題展覽同期展出。

The City Gallery is presenting a Thematic Exhibition on “City Impression - Opening The Tower”. The exhibition showcases 9 LEGO towers* which represent the outcome of ‘Eurohigh’ design studio at the Delft University of Technology earlier in Netherlands and 101 smaller scale LEGO towers, which young practitioners in architectural / environment and interior design / urban planning and students of design institute and universities in Hong Kong produced in a workshop run by MVRDV and The Why Factory during the Business of Design Week 2012.
